

CASTORIA

for Infants and Children.

Save the Babies.

INFANT MORTALITY is something frightful. We can hardly realize that of all the children born in civilized countries, twenty-two per cent., or nearly one-quarter, die before they reach one year; thirty-seven per cent., or more than one-third, before they are five, and one-half before they are fifteen!

We do not hesitate to say that a timely use of Castoria would save a majority of these precious lives. Neither do we hesitate to say that many of these infantile deaths are occasioned by the use of narcotic preparations. Drops, tinctures and soothing syrups sold for children's complaints contain more or less opium, or morphine. They are, in considerable quantities, deadly poisons. In any quantity, they stupefy, retard circulation and lead to congestions, sickness, death. Castoria operates exactly the reverse. It causes the blood to circulate properly, opens the pores of the skin and allays fever.

The signature of *Dr. H. H. Hatcher* guarantees genuine Castoria. **Physicians Recommend Castoria.**

"I have used your Castoria in cases of colic in infants and have found it the best medicine of its kind on the market." J. E. GILSON, M. D., Chicago, Ill.

"A medicine as valuable and beneficial for children as your Castoria deserves the highest praise, and it is in use everywhere." J. S. ALLEN, M. D., Chicago, Ill.

"I have prescribed Castoria to families for several years. It is all right. Mothers like it, for children will take it without any trouble." C. A. WILSON, M. D., St. Louis, Mo.

"Your Castoria is a splendid remedy for children, known the world over. I use it in my practice and have no hesitancy in recommending it for the complaints of infants and children." J. A. BOARMAN, M. D., Kansas City, Mo.

Children Cry for Fletcher's Castoria.

In Use For Over 30 Years.

PUNCHBOWL TO ERUPT!

Punchbowl is due for an eruption on July Fourth!

Tourists and timorous folk need not be alarmed, for this eruption is not going to bury Honolulu in a deluge of molten lava and ashes. In fact, it is guaranteed to be a perfectly harmless eruption, tame enough to eat out of the hand. And yet on the night of July 4 the old crater is going to burst forth in fiery flames.

This morning Chairman Marston Campbell and Julius Unger of the Fourth of July committee announced that preparations are under way for one of the most spectacular things ever seen here. Red and Green fire is to be used to pull off an eruption of Punchbowl. J. Walter Doyle, on his return from looking over the ground, was more than enthusiastic in telling of the plans.

The committee will get the fireworks, here if possible; if not, they will be sent for to San Francisco by the Sonoma.

"This is going to be a spectacle worth seeing," comments Mr. Doyle. "It will be a great blazing volcano right in the heart of town and yet absolutely safe."

GOVT. LOTS AT MANY TIMES VALUATION

"I wonder what the representatives of the Bishop Estate and some of these other property-holders would say if I had assessed their property on the basis of such valuations as the buyers last Saturday placed on those beach lots at Kuliouou," remarked Territorial Treasurer Conkling this morning.

The Kuliouou lots were appraised at a total valuation of \$1500, but the purchasers at the public auction conducted on the steps of the Capitol building Saturday by Land Commissioner Tucker, paid a total of \$12,310 for them, or \$10,805 more than they were assessed for.

While the other three tracts, from which lots were sold Saturday, were not "boosted out of sight," they were purchased for great amounts than they had been appraised. The two lots of the Waiakia tract were assessed for \$500, and sold for \$511; the six lots of Makiki Heights appraised at \$6455, sold for \$6795, and the four lots sold from the Makiki Roundtop tract, appraised at \$6050, went for \$6131.

GUAM COFFEE SEEKS MARKET

Many agricultural industries that now thrive on the American island of Guam are much hampered in their expansion through a woeful lack of transportation facilities, according to a report brought to Honolulu yesterday with the arrival of the little United States naval steamship Supply.

The Supply, now lying at the naval wharf, where the vessel will be given several hundred tons of additional fuel, is to remain at the port of Honolulu until Saturday. The vessel is en route to Bremerton naval station for a general overhauling.

With a direct line of steamers plying between Guam and Manila, for instance, the plantation interests now attempting to do business on Uncle Sam's small mid-Pacific possession would, in the opinion of officers of the Supply, reap a much larger benefit. At present the people there have practically no opportunity for shipping the products of the island to foreign ports.

Copra will not be taken out by the army transports, as it smells badly, making it impossible to carry it upon any ship carrying passengers. Copra in Guam is worth \$1.20, while if it could be brought to Manila it would be worth \$5 to \$6. Coffee is a drug on the market there at \$2.50, while if brought to Manila it would bring \$25.

Tropane grows so thickly on the beach that walking is difficult, and tons of this product could be gathered if only there was a market for it, but according to the information received from the Supply, the people in Guam have no incentive to grow all the products that the island is capable of producing, because there is no place to sell them when they have been grown.

From reports brought by the Supply, Guam now has a total population of about ten thousand. Less than two hundred Japanese have settled there, and a sailing vessel flying the "sunrise flag" is at present making trips once each month.

The statement is made that the island will soon be in communication with Manila by means of a finely equipped wireless station.

Before the days of American occupation, the Spanish government maintained a semimonthly steamer service between Guam and the Philippines and by this means a large and lucrative trade was fostered.

The Excellent Order of the Knights and Ladies of Elrud, a society of left-handed people, was formed in Orange, N. J.

Sachs for Dry Goods

Be Critical

Don't Buy the first suit you look at. Remember that you can buy clothing with a reputation almost as cheap as ordinary makes.

For instance, consider **ALFRED BENJAMIN'S CLOTHES**. If this line of clothing was not the best in America it would not find room in our store.

NATIONAL GUARD OFFICERS TO HAVE IMPROVED RIFLE RANGE

The National Guard marksmen are to have an improved rifle range at Koko in the near future. The gallery course is more than half completed now, and in a few weeks the men will be ready to shoot the longer distances in the open, and to make adequate provision for them, it has been decided to give them a better range.

Next Saturday morning at 10 o'clock bids for the construction of two sets of concrete rifle butts will be opened in the office of the adjutant general of the National Guard. The new butts will allow eight men at a time to shoot at the 200 and 300-yard ranges. Butts for 600 yards are already provided.

A number of army officers will take advantage of the chance to return to the States on the U. S. S. Supply, which arrived from Guam yesterday morning and will sail for Bremerton next Saturday. The Supply has some spare cabins, and as the last transport bound for the Coast offered no accommodations, the chance is timely. A few discharged and short-time soldiers will also be taken care of.

Kamehameha Day will not be a holiday in Uncle Sam's offices tomorrow. Work at the naval station and army headquarters will go on the same as usual, but at Pearl Harbor, where there are a number of Hawaiians employed, the word has been passed to the bosses that a number of the men may be "sick" tomorrow.

The detail of soldiers from Fort Shafter, commanded by Lieutenant Hawley, that has been encamped on Punchbowl to prevent tree cutting, is shortly to be withdrawn. The lines have now been definitely established, and it is believed that frequent inspections will serve the purposes of the present guard.

PUNAHOU EXAMS

Students desiring to enter Oahu College or the Punahou Preparatory School should register at once at the school offices for the June entrance examinations, to be held on Saturday, June 15th, at 9 o'clock. The schedule of subjects required, time and place of examinations, follow:

A—For Admission to Grades II, III, IV, V.

Saturday, June 15, 9 a. m., at Punahou Preparatory School (in rooms of and in charge of teachers of grades below the one for which pupil is a candidate). Subjects: 1. English (a) Story-writing, (b) Dictation (Spelling), (c) Reading; 2. Arithmetic.

B—For Admission to Grades VI and VII.

Saturday, June 15, 9 a. m. and 2 p. m., at Punahou Preparatory School, in 5th and 6th-grade rooms. A. M. Subject: 1. English, (a) Composition (Spelling), (b) Grammar, (c) Reading; P. M. Subject: 2. Arithmetic.

C—For Admission to Grade VIII and Freshman Class.

Saturday, June 15th, 9 a. m., at Punahou Preparatory School in 7th and 8th-grade rooms.

Monday, June 17th, 9 a. m., at Bingham Hall, in Mr. Ricker's room. Saturday Subjects: 1. English, (a) Composition (Spelling), (b) Grammar, (c) Reading; 2. Geography; 3. Electives, (a) Latin, (b) German (in Mr. Schmutzler's room).

Monday Subjects: 4. Arithmetic; 5. Algebra; 6. History.

Register at the office before taking examinations.

Atlanta, Ga., was selected as host for the 1913 general assembly of the Northern Presbyterian church. Rochester and Atlantic City, which were contenders, withdrew.

regimental strength returned to the Territory of Hawaii by the executive order of President Taft a lot of sufficient proportions on which to erect a building for such purpose, said order containing the provision:

"That if the said portion of the 'Harracks Lot' is not utilized for the construction of a suitable armory within twelve months after the date of this order, then this order shall become inoperative and the land shall be restored to the use of the United States."

The Territorial Legislature appropriated the sum of \$100,000 for the construction of an armory in Honolulu.

Plans have been drawn by the architect appointed for that purpose, and it has been conclusively shown that the minimum sum required for a suitable armory sufficient to house a regiment is \$123,000.

In view of the foregoing if your Honorable Board can see its way clear to appropriate the sum of \$23,000 toward the completion of the armory in Honolulu a public necessity will be met in a way which I believe will meet with general public approval and be in line with the action of many communities in the States.

Enclosed please find an expression of opinion from some of the business men of Honolulu concerning the propriety of making such an appropriation.

Respectfully,
J. W. JONES,
Colonel, National Guard of Hawaii.
The Adjutant General.

SONOMA SAILING HOUR CHANGED

The Oceanic steamship Sonoma will be dispatched for San Francisco at 11 o'clock Wednesday morning instead of 10 o'clock or formerly advertised.

J. D. McINERNEY, a Honolulu businessman, is back from an extended tour of the Far East. He returned to Honolulu in the Pacific Mail liner Mongolia. Mr. McInerney was credited by the Manila press as having intention of opening a large clothing establishment at the Philippine capital.

Stocks were fairly active today, but with nothing of much interest except the strength shown by Rapid Transit stock on the prospect of its Pearl Harbor extension.

Take Care of the Baby

FRESH AIR is the most important food for the baby in the summer. Keep it out in the cool, shady places as much as possible. It is necessary to have a suitable GO-CART or CARRIAGE for the baby.

We are agents for the **STURGIS LUXURY CARRIAGES**, famous the world over for quality. Luxury Carriages provide both safety and convenience for mother and child. It is the only collapsible, made with luxury back and seat resting on sensitive springs, a perfect protection for baby's spine and head; at—

-----\$10.00, \$14.00 and \$18.00

No. 71 Luxury Carriage, as per cut, \$10.00.

Other makes of Collapsible Carts as cheap as \$6.75

WHITNEY'S

Pullman Runabouts and Sleepers for those who do not require a collapsible cart, we offer an exceptionally large assortment of the large, roomy carriages. They come with reed bodies, in oak, dark blue, French grey, upholstered in corduroy and leather cloth. The prices from \$18.00 to \$30.00.

No. 267 Pullman Sleeper like cut
